

A Partnership of the City of Montclair, Chaffey College and Chaffey Joint Union High School District

Montclair to College (MTC) is a program for Montclair High School (MHS) students, beginning their freshmen year. If the program is successfully completed, MTC students will have the opportunity to receive a two-year scholarship to attend Chaffey College!

A requirement to be completed every year while at MHS is the completion and submission of a tracking form for at least five hours of community service.

MTC Community service tracking forms for the 2017-2018 school year must be completed and submitted to the Montclair Youth Center by April 1, 2018.
